(c) Light & McNaughton, 2009 3 Literacy in our lives

A) Sufficient time allocated for literacy instruction

- Current best practices recommend
 - All students in grades 1-3 receive at least 90 minutes of literacy instruction per day
 - At risk students should receive an additional 40-60 minutes of instruction per day
- Need to ensure that sufficient time is allocated for literacy instruction
 - Ideally intensive instruction provided
 - However, our research demonstrates significant literacy gains can be achieved in less than ideal conditions

B) Appropriate instructional content

- Instructional content based on recommendations of National Reading Panel (2000)
 - Reading to individuals who require AAC & talking about texts
 - Phonological awareness skills
 - Sound blending skills
 - Phoneme segmentation skills
 - Knowledge of letter-sound correspondences
 - Decoding skills
 - Sight word recognition skills
 - Reading and understanding books / other texts
 - Early writing skills

C) Appropriate instructional procedures

- Instructional procedures /teaching methods based on recommendations of National Reading Panel (2000)
 - Direct instruction in basic skills
 - Frequent opportunities to apply these skills in the context of meaningful, motivating literacy activities

D) Adaptations for individuals who require AAC

- Adapt procedures to accommodate unique needs of individuals who require AAC
- Eliminate the need for spoken responses
- Provide insight into areas of difficulty to support instructional decisions
- Compensate for lack of oral production / rehearsal
- Provide efficient response method so child can enjoy high level of meaningful participation

Appropriate instructional content

■ National Reading Panel (2000)

- Reading to individuals who require AAC & talking about texts
- Phonological awareness skills
 - Sound blending skills
 - Phoneme segmentation skills
- Knowledge of letter-sound correspondences
- Decoding skills
- Shared reading
- Sight word recognition skills
- Reading and understanding books
- Early writing skills
